SUBJECT: Annual Compliance Report
Facility No. 6-23-26-0-01

Dear Mr. Schellhorn:

This office has received the City's Annual Compliance Report as required by consent order CV35791. Upon review of the report, I have several comments:

Paragraph 9 states, "The following outfalls have been closed and remain closed". The word "gates" would better describe this situation than "outfalls".

Paragraph 11 refers to the Margaret Street Storm Water Pump Station and states that flow data is being maintained and will be reported in this report as required under paragraph 16. I could not find any data for Margaret Street in the attachments.

Sub-paragraph d - Again, is there any data for Margaret Street in this section?

Please forward the above noted information to this office by **2-19-2010.**

If you have any questions in this matter, feel free to contact me at this office.

Sincerely,

FIELD SERVICES & COMPLIANCE BUREAU
