Prior to making changes in manure management practices, update the on-site copy to show actual changes. Please select changes below and include all changes in your current, on-site MMP.

- I have made no changes to my MMP
- I have added acres
- Change Crop Rotation or Optimum Yields
- Changed Application Method
- Used manure analysis
- I am electing to be a small animal feeding operation (SAFO) or facility capacity has changed
- I have made other changes to my MMP Describe :

\* We are anticipating planting more corn on corn this year and changing our crop rotation on some farms. We also have updated manure analysis and sample the pits each year. Finally, we plan to use 30 units of UAN nitrogen fertilizer pre-emerge on our corn ground that has manure.
