September 17, 2004

Ed Brister  
Helena Chemical Co.  
225 Shilling Blvd.  
Suite 300  
Collierville, TN 38017

Dear Mr. Brister,

This letter is to inform you that the IDNR has completed review of the proposed Limited Scope of Work for the Helena Chemical Company facility located in Guthrie Center, Iowa.

The IDNR approves the general scope of the work with one modification. The IDNR believes an additional (sixth) soil boring and ground water sampling point is needed in the vicinity of the fuel storage area. You may submit a revised scope of work encompassing this change or a letter confirming this requested modification, which will be attached to the current scope of work.

Please contact me at 1-515-242-5087 if you have any questions.

Sincerely,

Matthew Culp  
IDNR
