RE: Third Quarter 2003 Sampling Results, Sunoco Former Bulk Station
4764 420th Street, Iowa City, Iowa

Dear Mr. Pompilius:

The Iowa Department of Natural Resources, Contaminated Sites Section, has received and reviewed the above referenced report submitted by Apex Environmental Inc and has no comments.

The Department understands the soil removal proceeded as scheduled in mid October. Once the Department receives the soil removal report and determines everything went well the site could most likely be closed.

If you have any questions or need further information please feel free to call or e-mail at (515) 281-4171 or dan.cook@dnr.state.ia.us.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Cook".
