Subject: Re: Phase II Environmental Site Assessment

Gayla,

As I was reviewing the Phase II report that was sent to me August 29th, I realize that I don't have all the analytical sheets for the sampling conducted. The initial Phase II submitted didn't have any of the analytical lab sheets provided and the second and most recent report only had the groundwater sample results for MW-1, MW-2, MW-3, MW-6, MW-10, MW-13, and maybe only part of MW-14. Could I get a copy of the remaining analytical lab report sheets (Appendix-Report of Analysis) for both soil and groundwater samples? It is easier for me to review those than the consultants summary tables.

Feel free to contact me with any questions.

Thank you,
Tami

Hello Tami,

I am sending you the Phase II ESA on behalf of Steve Case. It is in regard to the Carter Lake property that he contacted you previously about. He is out of the office for the rest of the afternoon, but will be back tomorrow. If you have any questions today regarding the attached please contact him on his cell at 402-681-6417. Otherwise you can contact him at his office tomorrow at 402-341-3070.

Thank you.

Gayla Stappert
