Re: Williams Pipe Line Company, Latimer Station, Latimer, Iowa

Dear Mr. Sieben

During the last several months the Latimer Station site was transferred from the Iowa Department of Natural Resources Emergency Response Section to the Contaminated Sites Section and parts of the file didn't make it to our section. Gary Gilbert, Remediation Engineering Inc., informed me that additional information was collected at the site and that it most likely fulfills the work I requested in my August 23, 2001 letter, therefore, please disregard the August 23, 2001 letter. As soon as I get the information that Gary is sending I will review it and send you a response.

Sorry for any inconvenience this may have caused. If you have any questions or need further information please feel free to call or e-mail at (515) 281-4171 or dan.cook@dnr.state.ia.us.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Cook", written over a horizontal line.

Daniel Cook
Environmental Specialist Senior
Contaminated Sites
