Re: Former NER Data Products, 2515 Dean Avenue, Des Moines, Iowa

Dear Mr. Sellers:

Alesia Whitney-Knight has accepted a promotion within the Iowa Department of Natural Resources and is no longer the Department's project manager for the above noted facility. The facility has been assigned to me at the same address as Alesia except I am in the Contaminated Sites Section.

The last correspondence I have concerning the NER site was dated February 23, 1999. In that letter it was noted that you were still trying to get access to the Union Pacific Railroad site to further define the plume. Please submit any information you may have concerning this process to the Department.

If you have any questions or need further information please feel free to call or e-mail at (515) 281-4171 or [dan.cook@dnr.state.ia.us](mailto:dan.cook@dnr.state.ia.us).

Sincerely,
