Subject: Request for Termination of Free Product Recovery
Nordstrom Bulk Facility, 1400 6th St. SW, Cedar Rapids
Registration No. **57-01310-WPW-1430**

Dear Mr. Ott:

Seneca Environmental Services and Nordstrom Oil Company are currently conducting monthly free product recovery and reporting at the subject site. Over the past year of observations, free product levels has not been observed. At this time we are requesting that we be allowed to terminate free product recovery efforts for the subject site.

If you have any questions regarding this request please contact Mark Diehl with the Seneca Bettendorf office at (319) 332-2272.

Sincerely,

Mark Diehl, IGWP #1630

Free Product Recovery Information

Tabulate the free product and groundwater volumes removed from each well. List each extraction event chronologically with the oldest data first. The results for all events must be provided. Give all elevations as feet Above Sea Level (ASL). Ground surface elevation must be reported to the nearest 0.1 foot. Top of casing elevation, static water elevations, and free product thickness must be reported to the nearest 0.01 foot. Volume of free product and groundwater removed must be reported to the nearest 0.1 gallon. A separate sheet should be used for each recovery well.

Well Number: BH11/MW11

Ground Surface Elevation: 732.83

Top of Casing Elevation: _____

[illegible]

Free Product Recovery - Site Totals

Tabulate the total groundwater volume and total free product volume removed from all the recovery wells at the site. Volume of free product and groundwater recovered must be reported to the nearest 0.1 gallon. List the site totals starting with the first month the recovery was initiated. The results for all events must be provided.
