**PUBLIC NOTICE
CARROLL COOLERS SITE
CARROLL, IA**

The Iowa Department of Natural Resources (DNR) is proposing to issue a No Further Action certificate under the Iowa Land Recycling Program (LRP) for the former Carroll Coolers site hereinafter referenced as "Property", located at 202 W 3rd Street, Carroll, Iowa. The Property was enrolled in the Land Recycling Program in April 2007. In accordance with the Iowa Administrative Code (567 IAC 137(455H)), public notice is hereby provided.

A site assessment was performed on the Property that identified volatile organic compounds (VOCs) in groundwater above Statewide Standards. The risk assessment concluded that the response action for groundwater shall be addressed by an environmental covenant that:

1. Prohibits the installation of water supply wells in the affected area.

2. Current, technological controls employed to prevent infiltration to groundwater shall be maintained.

The Iowa Department of Natural Resources (IDNR) has approved the risk assessment and is requiring the recorded environmental covenant prior to issuance of a final No Further Action certificate.

The site documents may be viewed online at:
