Dear Mr. Lincoln:

Thank you for providing notification about the status of the Groundwater Sampling Report which was due October 31, 2011. We understand that the replacement well for MW-1 has not yet been installed and the existing monitoring wells were not sampled during the 3<sup>rd</sup> quarter of 2011 as required by the Department. A request was made to extend the deadline for the Groundwater Sampling Report to June 30, 2012.

Please contact the Department after installation of MW-1R so that we may set up the groundwater sampling event since the Department would like to collect split samples from the monitoring wells. The Department agrees to extend the deadline for the next Groundwater Sampling report to **June 30, 2012**. Feel free to contact me if there are any questions, comments, or concerns at 515-281-4420.

Sincerely,

A handwritten signature in black ink, appearing to read "Tami S. Rice".
