RE: 500 Chambers Site Environmental

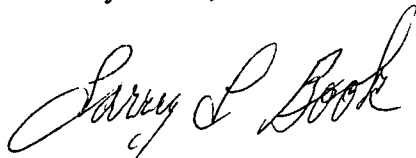

Dear Cal,

Thanks for visiting on the phone; I am enclosing former communication we had in 1994 for your review. I would like to get a site assessment up to date so the property can be sold, or developed with assurance on the environmental cloud now on the site.

We had sent the Phase II reports that were done in 1994, but we never finalized the site requirements and/or information to do further action, we would like to get your direction on how to proceed now.

I appreciate your help with these issues, please let me know what we need to do, I can be reached at 712-255-6966.

Sincerely Yours,

Larry L. Book
