RE: Termination of RCRA Section 3008(h) Administrative Order on Consent
Docket RCRA-VII-90-H-0034 dated September 28, 1990
General Electric and Burlington Basket Company, Respondents
EPA ID # IAD000678307

Dear Mr. Mooney:

The U.S. Environmental Protection Agency Region 7 has completed an administrative file review of the former General Electric Company facility located at 1404-1418 West Mt. Pleasant Street (Highway 34) West Burlington, Iowa, on a property that was formerly owned by the Burlington Basket Company, to determine whether the requirements of the September 28, 1990, Administrative Order on Consent referenced above have been completed. Based on this review, the EPA has determined that the actions required by that AOC have been satisfactorily completed and that the 1990 AOC may be terminated. Therefore, the EPA is providing this notice of Order termination to Respondents.

Please note that termination of this AOC does not affect any of the provisions contained in the Administrative Order on Consent signed by the EPA and GE on September 30, 2009, Docket # RCRA-07-2009-0013, for the General Electric Company. If you have any questions concerning this letter, please contact Andrea R. Stone, of my staff, at (913) 551-7662 or by email at stone.andrear@epa.gov.

Sincerely,

Becky Weber
