Winnebago County**

Mr. Pederson:

Per our conversation this afternoon, I am writing to restate the Department's requirements that the Top of Iowa Coop immediately cease discharging to a water of the state by plugging the outlet of the tile that empties into the manhole at the corner of your property.

In a letter dated September 16, 2003 you indicated that you have made contact with Barker Lemar Engineering to conduct the assessment of your site. Once they have completed an assessment proposal, please submit a copy to the Department for evaluation. The Department will be in contact with you after we review the proposed assessment.

If you have any questions or comments, you may contact me at the Mason City Field Office.

Sincerely,  
**FIELD SERVICES AND COMPLIANCE BUREAU**
