To: "Jackson, Hylton" <hylton.jackson@dnr.iowa.gov>

Hi Hylton – this e-mail is to memorialize our discussion today regarding the subject site. During our discussion today and previously as noted below, it's understood IDNR concurs with the VI work plan addendum and the recommendations provided in the documents listed and previously submitted below. Unless IDNR has other concerns, we plan to complete these activities this summer.

Thank you,

Steve

Stephen Varsa, P.G.

Hi Hylton – per our discussion a week ago, just a reminder to provide a written (e-mail if fine) response to the July 31, 2020 VI work plan addendum, and recommendations contained in our August 21, 2020 Voluntary Assessment submittal and the November 18, 2020 Groundwater Sampling Report, all pertaining to the above-referenced location.

Thank you,

Steve

Subject: Rockwell Collins

Hi Hylton – As discussed this afternoon, the link below has copies of the work plans and reports previously submitted and awaiting response for the Building 105/C-Avenue project, plus the LRP Application for the separate 35th Street Main Plant project. The LRP Application and check was delivered to your office on November 29th.

Let me know if you have any questions.
