Re: 2020 Monitoring Report, Farragut AgriService, 401 Jackson Avenue, Farragut, Iowa dated January 29, 2021

Dear Mr. Yabroff and Mr. Rugaard:

The Iowa Department of Natural Resources, Contaminated Sites Section, (Iowa DNR) has reviewed the above referenced monitoring report submitted by Terracon Consultants, Inc on behalf of Winfield Solutions LLC and United Farmers Cooperative. Iowa DNR accepts the report as written but would like to further discuss the recommendations, specifically, the path forward.

I would like to set up a conference/video call to go over the long-term outlook for the Farragut AgriService site. Please work with your consultant to schedule a remote meeting for some time in the next few weeks. My March calendar is fairly open for the month.

If you have any questions or need further information please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "D Cook", is written over a light blue horizontal line.

Daniel Cook
