RE: Source Area Remedial Design Investigation Work Plan, for the Amana Facility in Middle Amana, IA

Dear Mr. Tollin,

The Iowa Department of Natural Resources (DNR) has received the Work Plan referenced above. The Work Plan adequately describes the intended additional investigation of soil and groundwater in the area of the former drainage ditch beneath the facility.

As a reminder, the next annual groundwater monitoring report is due March 15, 2023.
Please contact me with any questions at 515-725-8337

Sincerely,
