Hi Hylton,

Thank you for speaking with me last week about the Pathry site. Attached are the developers plans for the site. Please review and provide guidance on what the DNR will require going forward in terms of monitoring and/or further corrective action to close the site.

If you have any questions, please don't hesitate to reach out to me directly.

Regards,

**Daniel M. Green, CGP**

**Subject:** IRL South

Dan, attached is the site plan with building elevations for the west building. We anticipate that the east building would be similar with a parking level ½ recessed into the ground and a 1<sup>st</sup> level living elevation of roughly 5' above sidewalk grade.
