RE: 2022 Annual Report – Monitoring, Sampling, and Remediation for
Hydrite Chemical Company – Waterloo Facility
Waterloo, Iowa
EPA RCRA I.D. No. IAT200010593

Dear Mr. Miazga:

The U.S. Environmental Protection Agency (EPA) has completed our review of the “2022 Annual Report – Monitoring, Sampling, and Remediation” prepared by Environmental Resources Management (ERM) on your behalf and dated November 8, 2022. Based on a review of the document, the EPA approves the 2022 Annual Report.

If you have any questions concerning this matter, please do not hesitate to contact me. I may be reached at (913) 551-7403, by email at messinger.lisa@epa.gov, or at the letterhead address.

Sincerely,

Lisa Messinger, PG
