Christopher,

I was able to review the Remedial Action Plan (RAP) for the United Hydraulics site in Hampton after our previous discussions and November 2023 meeting regarding the approved supplemental plan. The RAP is accepted without comment. I apologize for not sending a formal letter out once the review was completed. Please proceed with any other regulatory items and then with the proposed scope of work.

Please let me know if you have any questions and thanks again.

Andrew Carver, CGP
