George,

After review of the provided draft Final Report DNR has no comment and accepts the report as written. The next step is the newspaper public notice. After that point the No Further Action Certificate (NFA) can be started.

Brad:

Now that the final report has been submitted, do you need any additional information to move the project forward to the public notice? I just wanted to follow up to see if there is anything I can do to help bring this project to a close.

I hope you enjoyed some time off during the holidays.

Best Regards,

George Kickel
