Dear Mr. Nnadi:

Transmitted herein is one copy of a Limited Phase II Environmental Site Assessment for the Riverfront Properties bordered by Sycamore and Water Streets, East 8th Street and East 11th Street for your review and comment. This area is inclusive within our Rath Brownfield Redevelopment Area. Given the limited type and amount of contaminants discovered and low cumulative risk, we would appreciate a letter stating that, based on the data presented, the Iowa DNR does not see the need for additional investigation or cleanup action.
