RE: Former Thermogas Site,
Macedonia, Iowa

Gentlemen:

I have been contacted by Dennis Pilling and Dean Pilling of Macedonia, Iowa, in regard to environmental assessment of property owned by them. I am the attorney for the Pilling Trust.

The Pillings have directed me to do all things necessary to evaluate the matter and, as such, I have been in contact with a client of mine, MidAmerica Drilling of Oakland, Iowa. They have had some experience in this area, mostly on the testing side, but are in contact with most of the companies who deal with this type of cleanup. Mr. Fred G. Henry is helping me prepare the proper documentation for your review. When we have something more concrete, we will be contacting you.

Thank you.

Sincerely,
HANSON, SULHOFF & LARSON

James D. Sulhoff (mj)
