Ted Petersen, Supervisor
Iowa Department of Natural Resources
Field Office #5
6200 Park Ave Ste 200
Des Moines, IA 50321

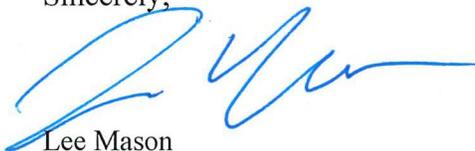

Dear Mr. Petersen:

Re: Storm Water Sampling

We did not have enough rainfall at one time in 2025 to sample the short term pile at the sample point. In addition, we did not have any discharge when we went out to sample the long term pile. With the large snowfall over last weekend and the below freezing temperatures, we do not think we will get enough rainfall to be able to sample in 2025.

If you have any questions or need additional information please contact me at 515-357-9302.

Sincerely,

Lee Mason
Project Engineer, Utilities
