Subject: Call from John Minnehan - adding a building at site built last year

PRINTED TO FILE: Jonathan Minnehan (64151) Confinement File, Greene County

John Minnehan called on 3/28/07 to ask about adding a building at his existing site. He indicated that the existing facility was completed in May of 2006 and the first pigs were received in June.

I advised Mr. Minnehan that the Department cannot issue a construction permit for this site until 1 year after date that the last construction or expansion was completed.
