Yes, I finally got the last one at the beginning of January. I mailed copies of the signed agreements with the waiver permit application a couple weeks ago. If you need copies of everything, let me know.

Thanks,

Cassi Ries

Subject: Re: Letter of Noncompliance - City of Edgewood Yard Waste Site

Have you been able to get folks to sign an agreement?

Amber,

The City Council discussed the issue of our waste site not being compliant with the Iowa DNR. In response to the letter:

105.3(1) - we will be contacting residents that live near the site to make them aware and to get written approval. I will also be contacting Theresa Stiner about getting the waiver.

105.4(2) – we will work on getting a sign put up to inform residents of the needed information.

I will be contacting the residents this week about getting the letters approved. As for the sign, I cannot give an estimate on when we will have it posted.

If there are other questions or concerns, please feel free to reach out.

Thank you,

Cassi Ries
