Good morning, Robert,

Concerning the Grade A Certification Compliance Plan, we informed the IDNR that Valero Lakota would have an employee properly certified by 10/15/2024.

Attached are the results of 4 of the 5 employees that took the Grade A Water Certification Course on 9/18/2024 and the Grade A Certified operator website with the new operator ID #'s. We have not received the final application acceptance correspondence but will notify once those are received.

Please let me know if you need any additional information concerning this report.

Thank you for your assistance with this.

Best regards,

Ann Anderson

HSE Manager
