--	--

TO: Brandon Wigg
Schweinstall, L.L.C.
PO Box 89
Schleswig, Iowa 51461

I. SUMMARY

This administrative consent order is entered into between the Iowa Department of Natural Resources (DNR) and Schweinstall, L.L.C. (Schweinstall) and Brandon Wigg for the purpose of resolving the failure to timely submit the Manure Management Plan (MMP) update and fee for 2020 for an animal feeding operation located in Crawford County, Iowa. This administrative consent order requires Schweinstall and Mr. Wigg to pay an administrative penalty in the amount of \$1,000.00. In the interest of avoiding litigation, the parties have agreed to the provisions below.

ADMINISTRATIVE CONSENT ORDER

II. JURISDICTION

This administrative consent order is issued pursuant to the provisions of Iowa Code section 455B.175(1), which authorizes the Director to issue any order necessary to secure compliance with or prevent a violation of Iowa Code Chapter 455B, Division III, Part 1 or Iowa Code Chapter 459 and the rules adopted or permits issued pursuant thereto; and Iowa Code section 455B.109 and 567 Iowa Administrative Code (IAC) Chapter 10, which authorize the Director to assess administrative penalties.

III. STATEMENT OF FACTS

1. Schweinestall owns an animal feeding operation located at 2065 C Avenue; Schleswig, Iowa (Section 14, Morgan Township, Crawford County)¹. Brandon Wigg is named as the owner and facility contact on the documents submitted to the DNR. The facility is a 2,400 head (960 animal units) swine confinement operation. The facility has one confinement building. The annual MMP update deadline was established as April 1 of each calendar year and the annual compliance fee for the facility is \$144.00.

2. The MMP update and fee for 2020 was due April 1, 2020. The MMP update and fee was not received by April 1, 2020. On April 10, 2020, DNR issued a Notice of Violation letter to Mr. Wigg for failing to submit the MMP update and fee for 2020. The letter required Mr. Wigg to submit the MMP update and fee by May 1, 2020 to avoid a compliance action with an administrative penalty. The MMP update and fee was submitted to DNR Field Office 4 on June 17, 2020.

3. Schweinestall has a history of late MMP update and fee submittals. The MMP updates and fees for 2012, 2016, 2017, and 2018 were not filed in a timely manner. Notice of Violation letters were issued in 2012, 2016, 2017, and 2018 for the late submittals.

IV. CONCLUSIONS OF LAW

1. Iowa Code section 459.103 provides that the Environmental Protection Commission (Commission) shall adopt rules related to the construction or operation of animal feeding operations. The Commission has adopted such rules at 567 IAC Chapter 65.

¹ The Crawford County Assessor's Office lists Schweinestall, L.L.C. as the owner of the facility. However, Schweinestall, L.L.C. was administratively dissolved by the Iowa Secretary of State on August 9, 2019.

2. Iowa Code section 459.12(13) and 567 IAC 65.16(3)"b" require an owner of a confinement feeding operation who is required to submit a MMP to submit a complete updated MMP and compliance fee on an annual basis to the DNR. The updated plan must reflect all amendments made during the period of time since the previous MMP submission. The compliance fee is fifteen cents per animal unit. The 2020 MMP update and fee was due April 1, 2020. The 2020 MMP update and fee has not been submitted until June 17, 2020. The above-mentioned facts indicate violations of this provision.

V. ORDER

THEREFORE, the DNR orders and Schweinestall and Mr. Wigg agree to do the following:

1. Schweinestall and Mr. Wigg shall pay an administrative penalty in the amount of \$1,000.00 within 30 days from the date the Director signs this administrative consent order.

VI. PENALTY

1. Iowa Code section 455B.191 authorizes the assessment of civil penalties of up to \$5,000.00 per day of violation for each of the water quality violations involved in this matter.

2. Iowa Code section 455B.109 authorizes the Commission to establish by rule a schedule of civil penalties up to \$10,000.00, which may be assessed administratively. The Commission has adopted this schedule with procedures and criteria for assessment of penalties in 567 IAC Chapter 10. Pursuant to this chapter, the DNR has determined that the most effective and efficient means of addressing the above-cited violations is the issuance of an administrative consent order with an administrative penalty of \$1,000.00. The administrative penalty is determined as follows:

Economic Benefit - 567 IAC Chapter 10 requires that the DNR consider the costs saved or likely to be saved by noncompliance. 567 IAC 10.2(1) states that "where the violator received an economic benefit through the violation or by not taking timely compliance or corrective measures, the department shall take enforcement action which includes penalties which at least offset the economic benefit." 567 IAC 10.2(1) further states, "reasonable estimates of economic benefit should be made where clear data are not available." Schweinestall's delay in timely submitting the MMP update and fee allowed the facility to save time and money. It is estimated that Schweinestall gained an economic benefit of at least \$50.00 and that amount is assessed for this factor.

Gravity – One of the factors to be considered in determining the gravity of a violation is the amount of penalty authorized by the Iowa Code for that type of violation. As indicated above, substantial civil penalties are authorized by statute. Despite the high penalties authorized, the DNR has decided to handle the violations administratively at this time, as the most equitable and efficient means of resolving the matter. The MMP update is a crucial aspect of the DNR's animal feeding operation program and the compliance fees are crucial to the budget of the animal feeding program. Failing to submit a timely complete MMP update with fee threatens the integrity of the animal feeding operation regulations. Therefore, \$350.00 is assessed for this factor.

Culpability – Schweinestall has a duty to remain knowledgeable of DNR's requirements and to be alert to the probability that its conduct is subject to DNR's rules. Schweinestall and Mr. Wigg have failed to timely submit the MMP updates and fees for 2012, 2016, 2017, and 2018. DNR Field Office 4 attempted to collect the fee and MMP update and informed Mr. Wigg that the matter would be referred for further enforcement if the MMP update and fee were not submitted. Mr. Wigg was aware of the regulations yet failed to comply with the requirements by the deadline. Therefore, \$600.00 is assessed for this factor.

VII. WAIVER OF APPEAL RIGHTS

This administrative consent order is entered into knowingly and with the consent of Schweinestall and Mr. Wigg. For that reason, Schweinestall and Mr. Wigg waive the right to appeal this administrative consent order or any part thereof.

VIII. NONCOMPLIANCE

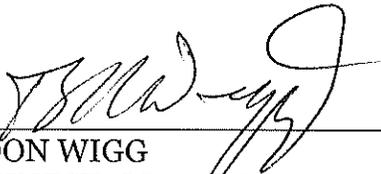

Compliance with Section V of this administrative consent order constitutes full satisfaction of all requirements pertaining to the violations described in this administrative consent order. Failure to comply with this administrative consent order may result in the imposition of administrative penalties pursuant to an administrative order or referral to the Attorney General to obtain injunctive relief and civil penalties pursuant to Iowa Code section 455B.191.
