Good Morning Mike,

In response to the Woodbury County Landfill's 2021 AWQR Response letter I reviewed the field sheets for MW-5 and MW-8. The spring 2021 sampling event was input to our system incorrectly and showed that peristaltic pumps were used but submersible pumps were confirmed with the field staff to be used for both points during the spring 2021 sampling event. I can provide updated field sheets if you like.

Thank you,

Subject: Woodbury County Sanitary Landfill - Responsible Official

Mr. Wright:

I just had a conversation with Jeanette Beekman, City of Pierson, and she said that she is no longer on the landfill board and also that Gary Merkel, Responsible Official, has also resigned. She advised that I contact you to find out who will be the Responsible Official with contact information (address, phone, email).

The latest DNR letter is attached.

Thanks,

Mike
