**Re: Renewed Appliance Demanufacturing
Permit #20-ADP-01-05**

Dear Mr. Hauge:

Enclosed is the renewed Appliance Demanufacturing Permit (ADP) for Hauge's Salvage. The permit is authorized from January 30, 2023 to January 30, 2028. The permit certificate must be posted in a conspicuous place at the facility. Please review the permit and the requirements of Iowa Administrative Code 567 Chapter 118 with your operators, as they must be familiar with them.

Starting in 2023, all appliance recycling permits will include permit conditions that are relative to each facility and will be included on all permits in the future.

If you have questions or need additional information, please contact me at (515) 217-0872 or Susan.Johnson@dnr.iowa.gov.

Sincerely,

Susan Johnson

Department of Natural Resources

IX. General Provisions

The above-named permitted agency is hereby authorized to operate an Appliance Demanufacturing facility at the described location in conformance with Iowa Code section 455B, and Iowa Administrative Code (IAC) 567 [chapter 118](#), the rules pursuant thereto existing at the time of issuance, and any subsequent new rules which may be duly adopted, and any provisions contained in Section X of this permit.

The project shall be constructed and operated according to the site operation plan approved by the Department of Natural Resources (DNR), and these shall become a part of this permit. Updated plans shall be submitted at the time of each permit renewal and included with any request for permit modification or significant changes in facility operation.

No legal or financial responsibility arising from the construction or operation of the approved project shall attach to the State of Iowa or the DNR due to the issuance of this permit. If title to this project is transferred, the new owner must apply to the DNR for a transfer of this permit within thirty (30) days of the date of title transfer. The new owner must provide new financial assurance, proof of training and any further information as required. This permit is void sixty (60) days after the date of title transfer unless the DNR has transferred the permit.

A permitted appliance demanufacturing facility shall retain the records on site in accordance with in accordance with Iowa Administrative Code (IAC) 567 Chapter 118.13(3) (455B,455D).

Annual reports are due January 31 each year for the activities of the previous calendar year, with the information required in subrule 118.13(2). The reports are to be submitted on forms provided by the department, and be retained by the permit holder for at least three years.

The permit holder shall provide continuous financial assurance coverage for site closure in accordance with 567—118.16(455B,455D). The permit holder shall submit proof of compliance, with each permit renewal, until released from this requirement by the DNR. The current cost closure estimate (SW DOC #25970), provided by Barker Lemar allows Hauge's Salvage to have no more than 250 undemanufactured appliances on site at any given time. The financial assurance mechanism is a Surety Bond #0483035, provided by Noel Insurance associates in Ottumwa IA (Through West Bend Mutual) , for the amount of \$2,211.00 n(SW DOC # 103287)..

The PCB ID issued by the EPA for this facility is IAR000503979 (SW DOC 1845).

No method of handling discarded appliances may be used which in any way damages, cuts or breaks refrigerant lines or crushes compressors, capacitors, or mercury-containing

components, or may cause a release of refrigerant, PCBs or mercury into the environment, as stated in (IAC) 567 Chapter 118.4(3) (455B,455D).

Discarded appliances may not be stored for more than 270 days before being demanufactured, as stated in (IAC) 567 Chapter 118.4(4) (455B, 455D).

At least one owner or employee of an appliance demanufacturing facility must have a training certificate from a department-approved training course. A person who has completed the department-approved training course must be on site at all times when discarded appliances are being demanufactured, as stated in (IAC) 567 Chapter 118.8 (455B,455D).

All Refrigerant removal requirements in 567—118.9 (455B,455D), must be followed.

All Mercury-containing component removal, storage and disposal requirements in 567—118.10 (455B,455D), must be followed.

All Capacitor removal, storage and disposal requirements in 567—118.11 (455B,455D), must be followed.

Failure to comply with Iowa Code section 455B, or any rule of order promulgated pursuant thereto, or any or all provisions of this permit may result in: 1) a civil penalty of up to \$5,000 for each day of violation, pursuant to Iowa Code section 455B.307, or 2) the suspension or revocation of this permit, pursuant to Iowa Code section 455B.305.

The issuance of this permit in no way relieves the applicant of the responsibility for complying with all other local, state, and federal statutes, ordinances, and rules or other requirements applicable to the establishment and operation of this solid waste citizen convenience center.

Any conflict between a provision of this permit or referenced documents and Iowa rules or statutes shall be resolved in favor of the duly adopted rules and statutes
