Additional Comments:

The reason there is no date on the Mercury storage drum is because we haven't had any Mercury parts to place in storage since it was emptied.

Sodium Chromate Appliances: MWA does not take these types of units. However at times these units get mixed in with loads and not caught on the inbound side. MWA had units on site and sent them to J.R.'s Advanced Recyclers-Appliance Disposal, Inc. 10619 Courthouse Blvd. Inver Grove Heights, MN 55077 for proper recycling/disposal.

In accordance with Iowa Administrative Code 567 Chapter 118.13(1) – Annual reports with the information required in subrule 118.13(2) are due January 31 each year for the activities of the previous calendar year shall be retained at the facility for at least three years.
