Hi Brian,

Thank-you for the voice mail on Monday. I am requesting an extension of the deadline for the 2023 Annual Water Quality Report for the Viking Pump Foundry Sand Landfill. Per IDNR comments we are working to adjust the statistical method for the evaluation presented in the report. This is taking more time and effort initially planned as the data are evaluated and assessed for appropriate statistical considerations. On behalf of Viking Pump, I'm requesting an extension to January 31, 2024 for the AWQR.

Please reply to this email for confirmation that IDNR grants the requested extension.

Thanks,

Mike
