Subject: Notification of PCB Activity

Thank you for filing the Notification of PCB Activity form for the facility location listed below:

Received: July 2 2019  
TSCA ID Number: IATSCA104561  
Handler Name: LEON RECYCLING  
Location Address: 23579 220TH ST  
LEON, IA 50144

EPA's Office of Resource Conservation and Recovery (ORCR) is issuing the above TSCA identification number to the listed facility. This number may only be used for PCB-related activities and may not be used for any other regulated hazardous waste activities.

If you have also applied for a Regulated (Hazardous) Waste EPA ID number under RCRA, you may request a consolidation of your RCRA identification number and TSCA identification number upon receipt of your RCRA EPA ID number. To do so, ORCR would require confirmation of the RCRA identification number that has been assigned to your facility. A copy of the RCRA ID Assignment Form (8700-12A(6-90)) for your facility would be an example of acceptable documentation.

If you have any questions regarding the PCB waste handlers database, please contact Karen Swetland-Johnson at [ORCRPCBs@epa.gov](mailto:ORCRPCBs@epa.gov) or (703)308-8421.

Sincerely,
