Barium Alternate Source Demonstration (Doc [#109962](#))
17-SDP-01-75**

Dear Mr. Rowland:

The Iowa Department of Natural Resources (DNR) has reviewed the Barium Alternate Source Demonstration for GUA-1-2, dated May 1, 2024, as submitted by Foth Infrastructure & Environment, LLC. The DNR has the following comments:

The alternate source demonstration is approved, but if a future sampling event detects barium exceeding 1 mg/L, an additional evaluation will be required.
