MIDAMERICAN ENERGY COMPANY  
NEAL ENERGY CENTER  
2761 PORT NEAL CIRCLE  
SERGEANT BLUFF IA 51054

**RE: Walter Scott Jr. Energy Center - North & South CCR Surface Impoundments  
Permit No. 78-SDP-33-16C  
Approval Final Closure Compliance Report**

Dear Mr. Love:

This letter serves as notification by the Iowa Department of Natural Resources (DNR) that MidAmerican Energy Company's Walter Scott Jr. Energy Center (WSEC) has, pursuant to Special Condition #5, submitted a final closure compliance report (Doc # [110303](#)) certifying that unit closure has been implemented in compliance with the approved closure plan, construction quality assurance plan, final design drawings, and the closure permit (Doc # [104214](#)). The final closure compliance report also certifies that unit closure was conducted in accordance with 40 C.F.R. 257.102(d).

The DNR has completed its review of the submitted final closure compliance report and related documents to confirm that all criteria of Special Condition #5 have been met. As a result, and in accordance with Special Condition #4, this letter shall also serve as notification that WSEC is no longer required to submit semi-annual progress reports to the DNR that summarize the progress of closure implementation. WSEC shall continue to inspect, monitor, and maintain the closed unit in accordance with the above-referenced closure permit throughout the remainder of the permit term.

If you have any questions, you may contact me at [\(515\) 537-4051](tel:515-537-4051) or [brian.rath@dnr.iowa.gov](mailto:brian.rath@dnr.iowa.gov).

Sincerely,

Brian L. Rath, P.E.  
Environmental Engineer Senior  
Land Quality Bureau
