**TO:** GRANT BURNHAM, EHS SPECIALIST  
BASF CORPORATION  
801 DAYTON AVE.  
AMES, IA 50010

JOHN ROOSA  
BOONE COUNTY LANDFILL  
1268 224<sup>TH</sup> LANE  
BOONE, IA 50036

**Re:** New Special Waste Authorization # **08-SWA-84-24**

The following special waste authorization (SWA) applies ONLY to the waste generator addressed above. This authorization allows the waste generator to dispose of the special waste referenced in accordance with the instructions, conditions and limitations contained in this SWA. A copy of this SWA must accompany the hauler to the landfill. The waste generator shall notify the department and landfill, prior to disposal, of any change in the characteristics of the special waste being disposed.

The issuance of an SWA does not obligate any waste disposal facility to accept the waste nor does it preclude the facility from imposing restrictions other than those listed in the SWA. The landfill has the final decision whether to accept the special waste. The issuance of an SWA does not exempt the waste generator from any local, state or federal laws or regulations. The department may revoke an SWA for cause at any time.

**WASTE & VOLUME:** A one-time immediate disposal of approximately 1,500 pounds of Trehalose Dihydrate. The waste generator has made a non-haz. Waste determination.

**GENERATOR:** BASF Corporation  
Grant Burnham, (816) 236-4998

**ISSUE DATE:** October 25, 2024

**EXPIRATION DATE:** January 25, 2025
