**Re: Reliable Recycling, Inc.
Permit Renewal # 57-ADP-06-12**

Dear Ms. Lovell:

Reliable Recycling, located at 700 60th Ave SW Cedar Rapids, IA was purchased from Richard Huffman and the new owners were to submit updated information to transfer the permit. To this date, even after several phone calls, we have not received all of the required information, thus the permit referenced above is hereby rescinded and no longer valid.

Reliable Recycling is no longer authorized to collect and demanufacture appliances in the state of Iowa. Should you wish to reinstate your permit, please submit the updated information discussed with you previously, to the DNR.

Any continued demanufacturing or improper disposal of appliances or components could be subject to field office enforcement.

If you have questions or need additional information, please contact me at (515) 217-0872 or Susan.Johnson@dnr.iowa.gov.

Sincerely,

Susan Johnson, Environmental Specialist Sr.
