Re: Grain Processing Corporation Landfill
2024 AWQR ([doc#11115](#))
Permit #58-SDP-03-92P

Dear Mr. Zitzow:

The Department of Natural Resources (DNR) has reviewed the 2024 Annual Water Quality Report (AWQR), dated October 21, 2024, prepared by Stanley Consultants and submitted by the permit holder.

Based upon the monitoring results, the landfill continues to have a localized but stable impact on groundwater quality downgradient of the site, but not to the extent where additional sampling or site assessment is needed. Please continue to conduct sampling in accordance with the permit.

If you have any questions, please contact me at [\(515\) 689-6548](tel:515-689-6548) or mick.lead@dnr.iowa.gov.

Sincerely,

Michael B. "Mick" Leat
Land Quality Bureau
