**Re: Davenport Plant Cement Kiln Dust Landfill  
Permit #82-SDP-16-97P  
Approval of Financial Assurance Documents**

Dear Damion Sadd:

This is notification by the Department of Natural Resources (DNR) that Continental Cement Company (the Company) has adequately complied with the financial assurance requirements of [rule 576-115.31\(455B\)](#) for the Davenport Plant Cement Kiln Dust Landfill. The Company's financial assurance documentation ([Doc #109457](#)) received February 29, 2024, has been placed in the DNR's record files.

The Financial Assurance and Report form and supporting documentation demonstrate that the Company's Surety Rider for Bond [#019052863](#) was increased on March 1, 2024 to the amount of \$1,676,009.74. Because this amount equals the engineer's combined updated closure and post-closure care cost estimates, no further action is required for this reporting year.

As a reminder, compliance with rule 576 -115.31(455B) is to be submitted annually, by April 1<sup>st</sup>, confirming that all applicable financial assurance documents are updated as required.

Please contact me with any questions at [515-802-8835](tel:515-802-8835) or [mary.klemesrud@dnr.iowa.gov](mailto:mary.klemesrud@dnr.iowa.gov).

Sincerely,

Mary Klemesrud  
Program Planner
