Brian,

As you and Tim Buelow discussed on the phone, we respectfully request an extension to the submittal date of the Groundwater Quality Assessment Plan for the Interstate Power and Light Company (IPL) – Stoney Point Closed Landfill (Permit #57-SDP-11-90C) from January 31, 2025, to April 30, 2025. This extension allows us adequate time to revisit the findings and conclusions of the 2005 Groundwater Quality Assessment Report (Doc # 60409) in relation to the 19 years of additional data that has been collected since the 2005 submittal to better inform further assessment activity recommendations to be presented in the Groundwater Quality Assessment Plan.

We appreciate your consideration of this request.

Thanks,

-Jenny C.
