Subject: 2025 Financial Assurance
Montgomery County Sanitary Landfill
Permit No. 69-SDP-01-74

Dear Ms. Klemesrud:

SCS Engineers (SCS), on behalf of Iowa Waste Services, LCC, is pleased to submit the 2025 Financial Assurance to the Iowa Department of Natural Resources (DNR) for the Montgomery County Sanitary Landfill (Landfill). The Landfill consists of two municipal solid waste landfill (MSWLF) units; a closed (North) MWSLF unit and an open (South) MSWLF unit. We have included the completed DNR Form 542-8090 Municipal Solid Waste Sanitary Landfill Financial Assurance Report Form in addition to the attachments noted below.

The 2024 closure and post-closure cost estimates for the South MSWLF unit were inflated by the 2025 inflation factor of 1.024 to estimate the 2025 total cost. The North MSWLF unit post-closure cost estimate was divided by 2024's remaining years in post-closure (19) to determine the annual cost (\$21,010). The inflation factor was applied to this cost to determine the 2025 annual cost (\$21,514), then multiplied by the current years remaining in post-closure (18) to calculate the total cost for 2025 (\$387,247). A combination of the approaches above was used to update the cost estimate for corrective action. Lump sum tasks (Tasks 11 and 12) were updated using only the inflation factor. Annual tasks (Tasks 4 through 7) were updated by inflating the annual cost and multiplying by the remaining years in corrective action, which is assumed to be the same as the remaining years in post-closure (18). This results in an overall decrease of 2.54% in estimated corrective action costs. The itemized cost estimates are included in **Attachment A** and a summary can be found in Table 1 below.

Table 1. Closure, Post-Closure and Corrective Action Cost Estimates

Estimate	2024 Total Cost	Inflation Factor	2025 Total Cost
Closure Cost - South	\$352,772	1.024	\$361,238
Post-Closure Cost - South	\$615,531	1.024	\$630,304
Post-Closure Cost - North	\$399,181	1.024	\$387,247
Corrective Action	\$84,990	1.024	\$82,832
Transfer Station*	\$16,380	-	\$16,380
Total	\$1,468,854		\$1,478,001

*Transfer station financial assurance was submitted under separate cover (Montgomery County Transfer Station Permit Renewal Application, March 13, 2023) and approved by DNR. Included in this table for surety bond and rider total information only.

Attachment B includes an affidavit signed by a Certified Public Accountant for Iowa Waste Services, LLC. **Attachment C** includes a copy of the bond used for coverage of the closure, post-closure, and corrective action costs. The closure cost estimates for both the Landfill and the transfer station were combined to provide the closure amount shown on the bond.

Please feel free to contact us if you have any questions, require any additional details, or need any further clarification.

Sincerely,
