Attached I believe is our ID NUMBER.

Subject: Notification of PCB Activity

Thank you for filing the Notification of PCB Activity form for the facility location listed below:

Received: April 1, 2025
TSCA ID Number: IAW000518845
Handler Name: SUDOL AUTO PARTS LLC
Location Address: 1157 275TH ST
NASHUA, IA 50658

EPA's Office of Resource Conservation and Recovery (ORCR) is issuing the above TSCA identification number to the listed facility. This number may only be used for PCB-related activities and may not be used for any other regulated hazardous waste activities.

If you have also applied for a Regulated (Hazardous) Waste EPA ID number under RCRA, you may request a consolidation of your RCRA identification number and TSCA identification number upon receipt of your RCRA EPA ID number. To do so, ORCR would require confirmation of the RCRA identification number that has been assigned to your facility. A copy of the RCRA ID Assignment Form (8700-12A(6-90)) for your facility would be an example of acceptable documentation.

If you have any questions regarding the PCB waste handlers database, please contact the ORCR PCB Team at ORCRPCBs@epa.gov.

Sincerely,

Amanda Kohler, ORCR
Permits Branch Manager

Good morning,

Was just checking in to see if we got all the correct paperwork submitted to you and how long it takes to get the final permit.

Thanks
