Appliance Demanufacturing Zoning Verification Form

To Whom It May Concern:

I am in the process of applying for an appliance Demanufacturing permit through the Iowa Department of Natural Resources. Department permit requirements include conformation from the zoning department that my facility meets zoning requirements for appliance Demanufacturing and verification that the property is located above the 100 year flood plain.

Iowa Code Chapter 118 states that all appliances must be demanufactured before being recycled or disposed of. Appliance demanufacturing consists of ensuring proper removal and disposal of electrical components containing PCB's, refrigerant, and mercury switches.

My appliance Demanufacturing facility is located at:

Name Eric Olson
 Street Address Site address 5131 140th St Dolliver, Iowa
 City Dolliver Zip Code 50531

I request that you please fill out the information below and return to:

Iowa Department of Natural Resources
 Land Quality Bureau
 Attn Sue Johnson
 6200 Park Ave Ste 200
 Des Moines IA 50321

Zoning Department

I have reviewed zoning requirements for the property listed above and (check all that apply):

- I verify that the property is located above the 100 year flood plain and is properly zoned for appliance demanufacturing.
- The property is not zoned correctly and is located in the 100 year flood zone. Please see comments below.
- The property is not zoned for appliance Demanufacturing activity, please see comments below.

Comments: Property is currently zoned AG-Agriculture. If such use is defined as "Scrap or Salvage Services", it will require a Conditional Use Permit in the AG District. If such use is defined as "Recycling Services", it will also require a Conditional Use Permit and require a rezoning to either C-1 or I-1 Zoning District.
