**RE: Metro Park East Sanitary Landfill – Phase II Unit and CWTS
Permit No. 77-SDP-01-72P
Response to IDNR Comments on 2024 Annual Water Quality Report (Document No. [112886](#))**

Dear Mr. Smith,

Thank you for your letter dated April 18, 2025, regarding the Metro Park East Sanitary Landfill – Phase II Unit and CWTS Permit No. 77-SDP-01-72. We appreciate your review and comments on the 2024 Annual Water Quality Report.

We are pleased to inform you that we have contracted the services of a company based in Colorado to clean the Phase II leachate lines. This company has the capability to clean up to 4400 linear feet with access from both ends. The cleaning of these lines will be conducted during Summer 2025, in conjunction with our cell construction activities.

Additionally, we have engaged a second company from Minnesota to perform leachate line cleaning under the closed Phase I area. This cleaning will also take place in Summer 2025.

We anticipate that all leachate line cleaning will be completed prior to August 31, 2025.

If you have any questions or require further information, please do not hesitate to contact me at (515)-333-4450 or mmo@mwatoday.com

Sincerely,

Matthew J. Morris – Compliance Coordinator
