Re: *Renewed Special Waste Authorization # 66-SWA-03-02*

The following special waste authorization (SWA) applies ONLY to the waste generator addressed above. This authorization allows the waste generator to dispose of the special waste referenced in accordance with the instructions, conditions and limitations contained in this SWA. A copy of this SWA must accompany the hauler to the landfill. The waste generator shall notify the department and landfill, prior to disposal, of any change in the characteristics of the special waste being disposed.

The issuance of an SWA does not obligate any waste disposal facility to accept the waste nor does it preclude the facility from imposing restrictions other than those listed in the SWA. The landfill has the final decision whether to accept the special waste. The issuance of an SWA does not exempt the waste generator from any local, state or federal laws or regulations. The department may revoke an SWA for cause at any time.

WASTE & VOLUME: Approximately 10,000 pounds per quarter of dried top coat/stain booth filters. The waste is generated at 1100 11th Street in Charles City. The facility states no F listings apply to the waste.

GENERATOR: Wayne Venzke
Winnebago Industries (641) 585-6760

ISSUE DATE: July 26, 2025

EXPIRATION DATE: July 26, 2028
