Chad –

Per our discussion we are requesting an additional extension to September 5, 2025 to allow for the Agency to complete the resolution establishing the dedicated funds for the closure of the transfer station.

Please let me know if you have any questions.

Thank you

Christine -

This email is to verify that the DNR has received your request for a time extension to submit the 2025 permit renewal application for the Union County Transfer Station (88-SDP-07-07P-XFR). Based on the rationale noted in the extension

request below, the DNR is hereby granting the requested extension. As such, the DNR intends to exercise its enforcement discretion on this matter and not pursue the enforcement of [subrule 106.3\(9\)](#) provided the renewal application is received no later than August 8, 2025.

Attached is the most current financial assurance resolution ([Doc #58683](#)) that the DNR has on file for this facility.

Please feel free to contact me with any questions. Thanks

Chad –

As discussed, we are requesting an extension until August 8, 2025 on the submittal of the Prairie Solid Waste Agency Union County Transfer Station Permit Renewal. We are working to resolve the status of the resolution establishing the dedicated funds for the closure of the transfer station. If an updated resolution is required, the next Agency meeting will be held on August 6, 2025. If the resolution does not need to be updated, this will be submitted prior to August 8th.

Please let me know if you have any questions.

Thank you

Christine
