Dear Mike,

SCS, on behalf of the Loess Hills Regional Sanitary Landfill (Loess Hills), is submitting this formal request to the Iowa Department of Natural Resources for an extension of the landfill permit renewal application submittal due date for Permit No. 65-SDP-01-72P.

We are currently developing design modifications related to a liner equivalency evaluation and will require additional time for conceptualization and integration into the permit renewal application.

To accommodate these ongoing design efforts, Loess Hills respectfully requests an extension of the permit renewal application submission deadline to December 31, 2025.

Attached is a completed Municipal Solid Waste Landfill Permit Application Form 50.

Please let us know if any additional documentation is required for this extension request.

Thank you,

Kasi Province, PE*, Project Professional
