Dear Mr. Groen:

This is notification by the Department of Natural Resources (DNR) that MidAmerican Energy Company (MidAmerican Energy) has adequately complied with the financial assurance requirements of [rule 567-103.3\(455B\)](#) for the above referenced CCR Monofill and CCR Surface Impoundment Landfills. MidAmerican Energy’s financial assurance documentation ([Doc #112754](#)), received April 2, 2025, has been placed in DNR’s record files.

The Financial Assurance Report Form and supporting documentation demonstrate that MidAmerican Energy’s Financial Test established on December 13, 2013, covers the engineer’s updated Closure and Post-closure Cost Estimates of a combined \$49,080,000 for the six CCR monofill locations and three CCR surface impoundment locations. As a result, no additional information is necessary for the reporting year.

As a reminder, compliance with [rule 567-103.3\(455B\)](#) is to be submitted annually, by April 1st, confirming that all applicable financial assurance documents are updated as required.
