**RE: South Central Iowa Solid Waste Agency Landfill (Marion Co.)
Elevated Leachate Levels ([Document Number 114738](#))
Permit No. 63-SDP-02-77**

Dear Mr. Hurt:

The Iowa Department of Natural Resources has reviewed the Elevated Leachate Levels plan, dated November 14, 2025, as submitted on your behalf by HLW Engineering Group. Please proceed with proposed actions.

However, leachate recirculation should continue not to be conducted in Cells NW-1 and NW-2 until leachate head levels are less than 1 foot.

If you have any questions please contact me at mike.smith@dnr.iowa.gov or [\(515\) 229-8356](tel:515-229-8356).

Sincerely,

Michael W. Smith, P.E.
