OMAHA NE 68108

**RE: Anderson Excavating Construction and Demolition Sanitary Landfill
Permit #78-SDP-04-89C
2025 Financial Assurance Documents**

Dear Virginia Anderson:

This is notification by the Department of Natural Resources (DNR) that Anderson Excavating (the Company) has complied with the financial assurance requirements of [rule 567-114.31\(455B\)](#) for the Company's Construction and Demolition Sanitary Landfill. The Company's financial assurance documentation ([Doc #112722](#)), received April 2, 2025, has been placed in the DNR's record files.

The Financial Assurance Report Form and supporting documentation demonstrate that the Company's Restricted Account, #7063574, as of January 31, 2025, had a balance of \$550,622 for closure and post-closure care. Because this exceeds current landfill closure and post-closure care cost estimates of \$516,043, there is no further action required for this reporting year.

As a reminder, compliance with [rule 567-114.31\(455B\)](#) is to be submitted annually, by April 1st, confirming that all applicable financial assurance documents are updated as required. Please note, the 2026 Financial Assurance submittal from the Company must address costs associated with the Leachate Control Plan and Final Cover components as outlined in the Iowa Department of Natural Resources [Administrative Order NO. 2024-SW-10](#), issued to Anderson Excavating Co., Inc. on September 26, 2024.

Please contact me with any questions. I can be reached at [515-805-8835](tel:515-805-8835) or mary.klemesrud@dnr.iowa.gov.

Sincerely,

Mary Klemesrud
