Mary,

Cedar Falls Utilities (CFU) typically requests a short extension to the CCR Landfill Financial Assurance filing deadline of April 1 every year. CFU's fiscal year ends December 31, and year end closing and auditing cannot be completed before the filing deadline of April 1. The auditor's report is usually completed for the April Board meeting, and after Board review and approval, the report is available for distribution. CFU is then able to file the required financial assurance documents before or by May 1.

This year, due to the uncertain time of release of an IPERS report needed before completion of the audit, CFU anticipates Board review at the May board meeting, with submission of the CCR Landfill Financial Assurance report to IDNR by June 1, 2026. CFU requests an extension of the submission deadline to June 1, 2026, for this year.

Thank You,

David Ames
